

List of Web Links related to FOIA Request: EPA-R1-2019-003593

<http://e-enterprise.gov>

An easy and public way to look up NOIs for industrial and construction stormwater general permits. Click “try it” to be taken to the home screen. On the right side of the home screen there is a “Permit Lookup” application. You can select the multi-sector general permit for industrial stormwater and click “search”. This pulls up a window where you can search by multiple parameters --- if you click on “Advanced Search Criteria” it will bring up a radio button to search for federal operators. Clicking “search” again in this window will generate a list of results and the far right column of those results has links to download the actual NOI document for each search result. The NOI will contain the contact information of the signatory and preparer.

Use EPA's Enforcement and Compliance History Online website to search for facilities in your community to assess their compliance with environmental regulations. For a search of federal facilities with industrial stormwater permits: Select ‘Search Options’; click on ‘Industrial Stormwater’ under the ‘Water’ section; choose the appropriate state in the ‘Geographic Location’ section; in the section for ‘Facility Characteristics’, select ‘yes’ for Federal Facility followed by the orange ‘search’ button on the right-hand side.
